WORK EXPERIENCE

Web Developer Intern @ Legal Workmate, Vadodara

November 2020 – May 2021

I was responsible for the entire backend of the website right from payments on Razorpay to authentication to admin panel to file management, sending emails to users everything using core PHP.

Link to the website

Free Lance

March 2021 – April 2021

I developed and hosted a small-scale website for a client that connects and delivers his customers request to him via email.
